

1. Peel

Remove the pressure sensitive liner from the card to reveal the sealing surface.

2. Insert

Place the card on the sealing template (glue side up). Insert the blister sheet into the card starting with the top row. Lower the rest of the sheet into the remaining holes.

3. Fill

Dose #1

Dose #2

Using the reverse side printing as a guide, fill the appropriate blister with the required medication. Place all of your Dose 1 daily medications in the Dose 1 side of the blisters and all of your Dose 2 daily medications into the Dose 2 side.

4. Fold

Fold the sealing surface to cover the filled blister.

5. Seal

Using even pressure use the roller to seal the card.

Finished

Your filled and sealed multi-med card is ready to use.

The Starter Kit

Your Manrex 7-Day 2-Pass Starter Kit includes: 26 blisters & 26 cards, a filling foam template and a sealing roller.

With future orders you'll only have to purchase the cards and blisters.
