

Your SureMed MultiMed 31-Day Starter Kit

Your SureMed 31-day starter kit includes: 26 cards, 26 blisters, a filling foam and sealing roller.

Tips

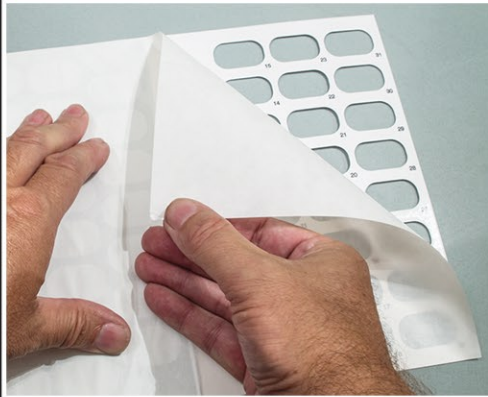

- This blister packaging is not child resistant, please store beyond the reach of children.
- Keep unused cards in a clean, dry and air conditioned location.
- If there is a slight tug while peeling off the pressure sensitive liner try peeling from a different corner.

Our Medications

We'll be filling 2 cards, 1 card with five morning medications and 1 card with four evening medications.

1. Remove Liner

Start with the morning card, remove the pressure sensitive liner revealing the sealing surface.

2. Filling Foam

Place the card on the filling foam template (dry glue side up).

3. Insert Blisters

Insert the blister sheet into the card.

4. Filling Morning - Pill #1

You take 5 different medications in the morning. Place this first medication in each of the 31 blisters.

Filling Morning - Pill #2

Place your second medication into each of the 31 blisters.
